Skip Counting Activities

**** The next couple of activities involve skip counting. Use the hundreds charts to help guide your students through these activities.****

High 5 Patterns

Directions: Fill in the yellow squares with the missing number. Go across and write the numbers in order.

1	2	3	4		6	7	8	9	
11	12	13	14		16	17	18	19	20
21	22	23	24	25	26	27	28	29	
31	32	33	34		36	37	38	39	
41	42	43	44	45	46	47	48	49	50
51	52	53	54		56	57	58	59	60
61	62	63	64	65	66	67	68	69	
71	72	73	74	75	76	77	78	79	80
81	82	83	84		86	87	88	89	90
91	92	93	94	95	96	97	98	99	

Skip Counting Patterns

Directions: Fill in the yellow squares with the missing number.

1		3	4	5	6		8	9	10
11		13	14	15	16		18	19	20
21		23	24	25	26		28	29	30
31		33	34	35	36		38	39	40
41		43	44	45	46		48	49	50
51		53	54	55	56		58	59	60
61		63	64	65	66		68	69	70
71		73	74	75	76		78	79	80
81		83	84	85	86		88	89	90
91		93	94	95	96		98	99	100

1) What skip counting pattern do you notice?

2) Do you think if you skip count by this amount starting at any number the pattern will be the same or different? Explain your thinking.

Pathways to 5

Directions: Color your way from 5 to 100. Be sure to color only the numbers you can skip count by 5's. You can move up and down or right to left to find the next number.

10	5	22	21	23	17	7	26	41	55

Place Value Concentration

Materials:

- Place Value Game Cards
- 1 Die

Directions:

- Cut out the game cards out below
- This game can be played with 2 players.
- Turn the cards onto the blank side and line them so that there are an equal of cards in each row.
- Roll a die. The player with the highest number goes first.
- Each player has a chance to turn around two cards at a time. The object of the game is to find the cards that match. For example: I have 2 ones and 1 ten matches with I am 12.
- If the cards do not match then the cards should to be turned back to the blank side.
- The next player chooses 2 cards and continues to play until all cards have a match.
- The player with the most sets of matched cards win the game.

I have 12 ones
and 2 tens.

I am 32.

I have 14 ones
and 1 ten.

I am 24.

I have 16 ones
and 3 tens.

I am 46.

I have 18 ones
and 1 ten.

I am 28.

I have 10 ones
and 3 tens.

I am 40.

I have 11 ones
and 4 ten.

I am 51.

I have 8 ones
and 3 tens.

I am 38.

I have 1 ten and
7 ones.

I am 17.

I have 5 ones
and 6 tens.

I am 65.

I have 2 tens
and 5 ones.

I am 25.

TRUE or FALSE?

Directions: Look at each of the statements below and circle whether they are true or false. Be sure to prove your answer.

Number Sentence

True or False

Prove It

(Explain using a picture, diagram or in words)

50 is less than 51

T / F

11 is the same as 12

T / F

39 is greater than 42

T / F

TRUE or FALSE?

Directions: Look at each of the statements below and circle whether they are true or false. Be sure to prove your answer.

Number Sentence

True or False

Prove It

(Explain using a picture, diagram or in words)

32 is less than 24

T / F

46 is the same as 64

T / F

28 is greater than 42

T / F

TRUE or FALSE?

Directions: Look at each of the statements below and circle whether they are true or false. Be sure to prove your answer.

Number Sentence

True or False

Prove It

(Explain using a picture, diagram or in words)

77 is less than 83

T / F

12 is the same as 21

T / F

13 is greater than 31

T / F
