What's my Shape?

2.G.1 Recognize and draw shapes having specified attributes, such as a given number of angles or a given number of equal faces.5 Identify triangles, quadrilaterals, pentagons, hexagons, and cubes.

Players: 2-4

Materials: 4 sentence strips, 4 paper clips, 1 set of Shape Cards, 4 Question Cards, chips/markers

Directions: (This game is played like Headbandz)

1. Laminate sentence strips and cards for durability, create "headbands" out of sentence strips. Put one paper clip on each headband. Each player puts on a Headband.
2. Players flip over shape cards without looking and attaches the card to their headband using the paper clip.
3. Players play in a clockwise manner by asking one question on their question card at a time about their shape. Players can take one guess each time they ask a question.
4. If a player guesses the shape correctly, they take one chip/marker and put a new card on their headband.
5. The first player to get 5 chips wins!
